

DISCOVER THE
ENGAGEDLIFE™
purpose. direction. meaning.

Our job is not to **design** a discipleship plan, but to **discover** and communicate Christ's process for making **disciples**.

Information for Potential Hosts

Dear Pastor,

Have you wondered how to engage all of the people in your church in the process of growing in their relationship with Christ in a way that was simple, reproducible and sustainable?

Imagine if in one weekend you could see the people in your church equipped to:

- Identify a clear, measurable definition of a healthy, spiritually mature disciple of Jesus.
- Identify the difference between the causes and outcomes of spiritual growth in their lives.
- Identify their personal spiritual needs and spiritual growth barriers in order to get the help and support needed to take their next step.
- Confidently use the word of God to implement a personal discipleship plan that leads them to reflect Christ in and through their life.

This weekend experience will revolutionize the understanding and application of Christ's strategy for Spiritual Formation and will equip people for lasting, reproducible transformation. Saturated in scripture, this cost effective weekend equips people with the tools for Christ-centered transformation.

Participants will:

- Gain a deep understanding for God's unique perspective on spiritual growth and maturity
- Learn to apply Christ's clear, simple process for creating a movement of lasting growth.
- Learn to identify and remove the 3 obstacles to spiritual growth.

Training includes:

- Learning how to identify where you are in the growth process and how to take your next step.
- Specific principles and tools that are proven to identify and breakthrough barriers to growth.
- Create a personal growth and action plan for personal continued development.

All participants receive conference notebook and access to the Examine Personal Assessment™. Every participant will also have the opportunity to take The Global Church Assessment during the weekend and the church leadership team will receive a free consultation about their combined results after the weekend is over.
